

BOW VALLEY RESOURCE

Including Arrowwood, Milo, Queenstown, Shoultice and Mossleigh

Volume 2, No. 42

ARROWWOOD, ALTA., JUNE 8, 1933

Subscription \$2.00, U.S.A. \$2.50

Mossleigh Will Celebrate on Friday, June 9

Mossleigh is celebrating on June 9th. There will be four games of softball and a program of sports commencing at 1 p.m. Len Davis and his boys will provide music during the afternoon and at the big dance in the evening.

There will also be a baseball game between Carseland and Arrowwood.

Buffalo Hill News

Mr. Jennejohn was a patient in the Vulcan Hospital a few days last week, but is home and around again much improved in health.

Wheat seeding is nearly completed, there being only the odd one or two who have not finished and oat and barley sowing is the order of the day. All grains are making good growth.

Mr. M. P. Marshall, who has been in the Vulcan Hospital is home somewhat improved, but his heart is still weak.

Mr. Jennejohn motored to Sylvan Lake on June 6th to prepare his boat for the season's work.

Mr. and Mrs. Neve left on Tuesday, June 6, on a trip to Chicago and points en route. They expect to be away from four to six weeks.

U.F.W.A. District Conference Held At Queenstown

The U.F.W.A. Conference held in Queenstown last Thursday was a decided success. Ninety-six ladies registered during the day.

Mrs. Price, the Provincial President, left an inspiring message with the ladies and urged them to carry on the good work in spite of adverse times.

In dealing with the economic problem she asked the leading question, "Are you satisfied with the system that we have at the present time?" She dealt briefly with Canadian penitentiaries and asked that we put forth a real effort to improve conditions in them.

Mrs. H. B. McLeod, of High River, gave a review of Provincial Legislature for 1933. Her husband gave a few interesting facts concerning the U.F.A. Co-operative buying.

Reports of this year's activities were given by members of the various U.F.W.A. and Junior Locals participating in the Conference.

Delightful musical numbers, by the Junior Locals, added greatly to the enjoyment of the day.

The Juniors served lunch, also supper and the proceeds were used to send delegates to the Junior Conference in Edmonton.

It was very evident that our Director for Bow River has been untiring in her efforts to further Junior work.

The exhibit of handicraft was beautiful. Quilts, rugs and cushions of every hue and intricate pattern, hand-woven linens and home-spun wool, hairpin work of exquisite design and sewing of all kinds made a display worthy of note. The exhibit from the Junior Local of Arrowwood was splendid and included clever reed work, wood work of all kinds and numerous pieces of beautiful embroidery.

Is This the Way Do It?

There has come to this office the print of a picture painted by H. H. Ellis. In the foreground is a sphere on which is an outline of the two Americas. This is seen in the sweep of a hurricane. Above it is the Christ with outstretched arms and beside Him, the cross. The article and prayer below accompany the picture on a folder that is being sent to heads of governments and other leaders.

What is man, that God should be mindful of him?

To those of my fellow creatures

Arrowwood's Seventh Annual Celebration A Decided Success

The Seventh Annual Arrowwood Sports Celebration was a decided success from every angle Saturday, June 3rd, when ideal weather conditions were prevalent for the occasion. A well-planned program for the day was underway at 10:30 a.m. when a number of athletic events for school children were run off without a hitch, by the sports committee.

Commencing at 10:45 the Arrowwood High School opened the Gleichen school in a baseball game and with excellent playing on both sides and a number of errors the game ended in the close score of 6-7 in favor of Arrowwood.

The baseball tournament was underway at 2 o'clock when Gleichen and Queenstown opposed each other in the first game of the afternoon. Gleichen began the scoring in the first and second innings but Queenstown forgave them when Roy Sharpe drove the ball over the right field fence for the first home run of the day. Gleichen were unable to score after this and Queenstown, with Solt pitching emerged winners 7-0.

In the second game Arrowwood were pitted against Carseland and for a time every indication pointed to a very close decision. Carseland however took the lead in the third inning and from then on were continuously ahead. Arrowwood scored their only run when McCullough got in on Addemsen's error and scored on hits by Smith and Archambault. The final score ended 8-1 in favor of Carseland.

The last ball game of the day was somewhat one-sided with Carseland being far in the lead when the nine innings were played.

Umpires for the day were Leisenmeyer, Hales, Anderson 1st, Miller 2nd, Smith as, Bishop of Leisenmeyer of, Beagle if. Bachelors — E. Mason, C. F. Mason, P. M. Bowman 1st, E. Mason 2nd, D. Bowman ss, McCullough 3b, Vancil 1b, Dumka c.f., C. Norton 1b.

The last ball game of the day was somewhat one-sided with Carseland being far in the lead when the nine innings were played.

Community Club Met at Home of Mrs. R. H. Anderson

The Arrowwood Community Club held their monthly meeting on June 6th, at the home of Mrs. R. H. Anderson, the President, Mrs. C. G. Taylor, in the chair.

The meeting was opened with the singing of "O Canada," followed by the Creed. Roll Call was answered by suggesting new ways of cooking old vegetables.

The Club will not meet during the months of July and August, the next meeting being on September 6th.

An Afghan is being crocheted by one of the members which will be raffled at a later date.

An interesting demonstration was given by Mrs. R. H. Bishop on Canapar Vegetables.

The piano solo by Mrs. J. M. Weiss was greatly appreciated.

Mrs. C. E. Johnston, who is leaving shortly, was presented with a gift from the members in appreciation of the active interest she has taken in the Club ever since its organization.

Mrs. Leith assisted Mrs. Anderson in serving a delicious lunch.

You Are Invited to Be the Guest of the Federal Grain Ltd.

Visit Their Booth at the World's Grain Exhibition

The Federal Grain Ltd. are having a booth at the World's Grain Exhibition to be held in Regina from July 24th to August 4th.

There will be comfortable chairs and a telephone. They invite you to visit their booth and make it your headquarters while there.

Benedicts vs Bachelors

"To be" or "Not to be" was the argument to be settled Tuesday evening, June 1st at the local baseball diamond, when the married men rallied their foresters show their superiority over the singles. With ideal weather prevailing, many ardent faithful housewife was present to inspire the baseball benedicts.

Favored as the most consistent hitters and threatening to drive the offerings of the pitchers to the four corners of the ballpark, the married men were treated to first bat. Successive hits off Mason by Archambault, Smith, Miller, and Hales indicated victory for the married but snappy fielding and excellent support cut off many a long desired hope of the benedicts.

Determined not to be suppressed the singles were unable to gather many hits but errors on the part of the married were very costly and aided the singles to victory. Hales, Miller, and Norton were the battery for the married, while Mason, Bowman and Mason were the battery for the singles. The final score was 8-7 in favor of the bachelors.

Line-up

Benedicts — M. Norton 3rd, Archambault c, Hales p, Anderson 1st, Miller 2nd, Smith as, Bishop of Leisenmeyer of, Beagle if. Bachelors — E. Mason, C. F. Mason, P. M. Bowman 1st, E. Mason 2nd, D. Bowman ss, McCullough 3b, Vancil 1b, Dumka c.f., C. Norton 1b.

After the game the players were treated to ice cream and cake by Mr. and Mrs. M. C. Norton. While the players were gathered the election of Manager Hales and Assistant Manager Jack Beagle took place.

High-Lights of the Game Were — Mervin Norton's base-running Smith's show at short. Bishop's perfect fielding. Leisenmeyer's hitting. Anderson's base-hits. Dumka's running catch. Beagle's umpiring.

Young People's Society Organized At Milo

On Saturday evening, last, a very enthusiastic group of young people met in the United Church at Milo for the purpose of organizing a Young People's Society. The following officers were elected — Leader, Mr. J. G. Lewis; Treasurer, Ruth Nicholson; Vice-Pres, Kenneth McLean; Secretary, Katherine Jackson; Trustees, Merrill Robertson; Committee, Annie McLean, Nelsie Peterson, M. Shiro.

For Sale — Second hand John Deer Tractor. See Larsen Implements.

Arrowwood Notes

Russell Culp is a business visitor to Calgary today.

Mr. Burries and family were Calgary visitors last Tuesday.

Mr. and Mrs. J. S. Culp and Mrs. Lehman motored to Brant Sunday and visited with Mrs. M. E. Rhodes.

Precipitation of .2 in. was recorded by the Searle Grain Co.'s rain gauge, Monday night.

Don't forget the Baseball game Tuesday June 13, 10:30 at Arrowwood.

Summer Fallow plowing done by the acre or on contract. Apply Resource Office.

Mr. and Mrs. R. L. Culp and family and Mrs. Jane Beagle were visitors to Lethbridge on Sunday.

The regular meeting of the U.F.W.A. has been postponed until Mrs. R. F. Williams returns from Oregon.

The Annual school picnic put on by the P.T.A. was held at the river yesterday. A number of the parents were present.

Mrs. Jane Beagle leaves this evening for Ohio where she will visit her mother and other relatives.

Larsen Implements sold and delivered on Wednesday, a new John Deere Tractor to the Buffalo Hills ranch.

Mr. and Mrs. John Rhodes and Mr. and Mrs. Q. Hollenberg were guests of Mr. and Mrs. J. F. Beagle on Sunday.

Born — At Mrs. Lowendons Nursing Home on Sunday, June 4, to Mr. and Mrs. M. T. Edwards of Shoultice, a daughter.

Lawrence Larsen of Larsen Implements loaded and shipped a complete threshing outfit at Queenstown Monday, billed to Olivers Limited at Calgary for repairs.

Service will be held in the local Roman Catholic Church next Sunday, and will commence at 9:30 instead of 11 o'clock as formerly.

Mr. and Mrs. Wm. Hill, of Long Beach, California, who are on their way to the Coast, where they will spend the summer, are at present visiting at the home of their daughter, Mrs. D. M. R. Shoultice.

Mr. and Mrs. R. F. Williams left last Sunday on a two week visit to Cove, Oregon. They will be accompanied home by Mr. Williams parent.

Mr. John Dumka leaves today for his home at East Coule after visiting in Arrowwood with his parents, Mr. and Mrs. J. Dumka.

A Baby Clinic will be held in the Church of the Brethren on June 9th. This will be the last meeting until September as Miss Davidson will be conducting clinics elsewhere during that time.

Alberta Wheat Pool Praised

(Editorial from Calgary Herald, May 27, 1933)

The Financial Post is of the opinion that the Alberta Wheat Pool's position is much stronger than that of the Saskatchewan and Manitoba pools. In an analysis of the Alberta Pool's financial position, the Post points out that the balance sheet indicates a members' equity of close to \$1,000,000 and that there is a reasonable assumption that the provincial government appears safe from ultimate loss.

Congratulatory remarks are made regarding the method employed by the pool in presenting its statement, the summary being: "The wheat company accounts which the pool has made public, and the manner of their presentation, makes examination of the situation easy." It is also mentioned that the pool members in Alberta are in a much better position than pool members in either Saskatchewan or Manitoba.

Coming from such a source as the Financial Post, which has never been very friendly to the wheat pools, the Alberta pool members should feel encouraged over the situation surrounding their organization. It has generally been the feeling that the Alberta pool was somewhat more carefully operated than its sister concerns in Manitoba and Saskatchewan and the Post's survey bears this out.

Mossleigh News

Several parties of fishermen journeyed to Lake Macgregor on Sunday.

Preparations are going forward for the sports day here on June 9th.

Earl Boss played with the Blackie team at Turner Valley on Sunday.

A number of Mossleigh fans attended the sports at Arrowwood on Saturday and also the dance in the evening.

Mr. and Mrs. Strong had as week-end guests, Mr. Strong's sister and family from Calgary. Mrs. Strong, Sr., accompanied them on their return home.

The softball game on Sunday drew quite a crowd, Mossleigh winning 13-5 from the Dodgers.

Mr. W. Hulman motored to Calgary on Saturday and returned on Sunday, bringing his family with him.

Don't forget to see the baseball game between Lomond and Arrowwood next Tuesday.

Tommy Thompson, that genial mechanic who operates a farm near Redway returned to Arrowwood on Tuesday and will resume his position with Larsen Implements.

Mr. and Mrs. R. Townsend of Staveland were re-wedding old acquaintances in Arrowwood the past week. While here they were the guests of Mr. and Mrs. G. G. Smith.

"Fresh from the Garden"

Shall Broadcasting Become a Monopoly?

Canadian policy regarding radio broadcasting is a very live subject for discussion and naturally so because the radio has become such an intimate thing in the homes of Canada. It is to the radio that many people, and more especially those in rural parts where a daily paper is not immediately available, now look to supply them with the correct time, weather forecasts, latest market prices, outstanding news events throughout the world, music for a little drama, religious services, and entertainment of all kinds. It is, therefore, one of the most important and vital factors governing radio broadcasting are of interest and concern to Canadians as individuals as well as to Canada as a nation.

Following investigation of the subject, a Royal Commission reported unanimously in favor of nationalization of broadcasting in Canada. Later a Parliamentary committee endorsed the policy, and finally, by a non-partisan vote in the House of Commons it was adopted. There was almost complete unity on the subject and Canadians everywhere were prepared to welcome and assist in the development of a great national undertaking and service. That was only a year ago, but that unity has disappeared and dissatisfaction is being voiced by the press, news organizations, and industry everywhere. It is rare indeed to hear of any person who is satisfied. This general dissatisfaction has been aired in Parliament and Premier Bennett has promised further study of the whole subject by a special Parliamentary committee next session in an effort to bring back the old unity that prevailed a year ago.

What caused such a complete change in public opinion in a few months cannot be discussed in detail, but from the very beginning the Radio Commission appointed seems to have had a faculty of antagonizing people and of being too dictatorial. It first inaugurated a series of orchestral and symphony concerts. At first these were appreciated by many, but when no variety in programs was forthcoming, nothing but symphonies and orchestras from Toronto and Montreal, people who desired something else began to criticize. Then followed a series of restrictive regulations and prohibitions imposed on all stations. But the final act of the Radio Commission which does not appear to anybody was the alteration of the wave lengths of stations throughout Canada in such a manner as to shut out many of the most popular programs from United States stations in an apparent effort to compel Canadians to listen to the Canadian Commission's programs whether they desired to do so or not.

The Commission being a national body, and in an official sense Canada being a bi-lingual country, the Commission is prepared to present programs in French as well as in English. This many of its programs are quite understandable to thousands of people in the Provinces, other than Quebec, and while they do not object to programs being broadcast for the French-speaking portion of the population, they do resent the action of the Commission in so changing wave lengths that they cannot later hear other programs. Furthermore, many people feel that these French programs might well be confined to Quebec and not carried from coast to coast.

Announcement is now made that the Radio Commission proposes to build two high power broadcasting stations, one in Saskatchewan and one in British Columbia, and that with the erection of these stations at a cost of approximately a quarter of a million dollars, all present stations at a cost of reduced to 100-watt power, thus reducing them to the status of stations with a range limited to a small local district. The result must be the closing of all such stations because they cannot command the commercial support necessary for their maintenance and operation.

In other words, it is not merely public control of radio broadcasting in Canada, which the vast majority of people favor, that is now contemplated, but the creation of a Government monopoly of broadcasting, which is quite a different thing, and a proposal which has serious grounds for protest.

What is the intention back of this latest decision? It seems to be stated, by W. A. Beynon, M.P. for Moose Jaw, who, in a letter to a radio association, says in part: "If the principle of national broadcasting is going to be carried to its logical conclusion, it means the ultimate wiping out of all small stations. This, it seems to me, is inevitable, and the whole question is—shall we continue the policy of national broadcasting or go back to the individual, privately owned broadcasting stations? That national broadcasting will be more economical there can be no doubt. Whether it will, or will not suit the public better, or even whether it will or will not serve them better, is another question."

Here is a question in regard to which the people most concerned—the listeners—should make their views and wishes known to their local M.P. in order that he may present their views to the Parliamentary committee next session. And in the meantime, it would appear that the policy for the Radio Commission to pursue would be to stay their hand in the expenditure of large sums of public money in the erection of new broadcasting stations until that Parliamentary committee conducts its investigations and reports its findings.

The Prairie Crop Acreage

Within His Rights

Two-Third Of Field Crop Acreage Of Canada To Pay Income Tax—Provinces

Over two-thirds of the field crop acreage of Canada is concentrated in the three prairie provinces and the vast majority of the land in this area is seeded to the grain crops, with wheat predominant. Roughly speaking, the specialized wheat areas cover the southern half of the prairie provinces, the grass plains from the Red River Valley of Manitoba to the foothills of Alberta and attain their greatest width in central Saskatchewan.

London recently had a bench show for dachshunds only.

Headaches and Dizzy Spells Now In Bad Condition

Mr. Neil Crawford, Hamilton, Ont., writes: "My nerves are in such bad condition I find it almost impossible to get a good night's sleep. I was also bothered with headaches and dizzy spells."

I tried many different remedies, but they did not seem to give me much relief, but after I had taken Dr. Williams' Pink Pills I was able to handle better the changes they had made in my condition."

Get pills at all drug and general stores; get up only by The T. M. Williams Co., Ltd., Montreal, Que.

Seeking Lost Continent

British Scientists Are Preparing To Explore Indian Ocean

British scientists are to explore the bottom of the Indian Ocean, four miles below the surface, in a search for traces of the lost continent of "Lemuria."

A scientific expedition under Captain J. M. Mackenzie, who captained the "Discovery" of Sir Douglas Mawson's last voyage in the Antarctic, will leave England in August to begin the search. They will be nine months at sea (between Africa and India) in a light research craft of only 100 tons. The craft is now being fitted at Portsmouth with the latest instruments and modern and latest inventions for under-sea exploration.

Steel bottles, which close automatically at a certain depth, will be let down to take specimens of the sea life and record temperatures. Lead lines will be dropped four miles down to take samples of the ocean floor.

In this way the expedition hopes to discover traces of the continent of Lemuria, which is supposed to have stretched from Madagascar to Sumatra and India in pre-historic times. Another object is to discover whether there are volcanic ranges and ridges under the sea such as the Meteor expedition found in the Atlantic. The scientific leader of the expedition will be Colonel Seymour Rossell, D.S.C., director of the zoological survey of India.

Weather Man Fickle

Has Always Sudden Changes Old Diary Proves

Judging from a diary kept by Mrs. Reidel, wife of General von Reidel, commander of the German mercenary troops stationed at the Three Rivers, Quebec, from 1776 to 1782, the weather man was just as fickle in pre-day as he is now. In fact a sudden change in temperature spoiled her chances of going to Montreal for her spring outing.

Mrs. Reidel's diary, discovered by officials of the McCord Museum in Montreal, which was the alteration of the weather took time. Imagine her disappointment when the good lady awoke next morning to see a boat sailing up the river when she had only the night before travelled in ice.

To Salvage Gold

Italian Vessels Engaged In Raising Treasure From Sunken Liner

The Italian salvage ship "Antiglio" has sailed for a final attempt to raise approximately \$2,000,000 in gold stashed in the strong room of the sunken P. and O. liner "Egypt," lying 70 fathoms deep off Point de Raz.

After the vessel was sunk by the Italian divers recovered \$2,500,000 of the total cargo of \$5,000,000 in gold and silver which the liner carried from London on her last voyage, May 19, 1922. The "Egypt" sank in 20 minutes after being rammed in a fog by the French freighter "Sein." Of the 44 passengers 23 crew, 96 lives were lost.

After finishing with the "Egypt," the "Antiglio" probably will be engaged by the Egyptian government to seek gold and other treasure from Napoleon's ships which were sunk by Lord Nelson off Aboukir Bay in 1798.

Child Prodiges Banned

From French Stage

Any Under Thirteen Are Not Allowed To Appear

France has definitely banned child prodigies from the stage. Legally no one under thirteen is allowed to appear, but special licenses have been issued. The Cabinet has decided that no more of these will be given. Child prodigies are not to be included, and many child stars are expected to be dropped from the repertoire of reports by the Ministries of Health and Public Education. Children on the stage are made to work long hours without sufficient time for study.

The colors of the king of England's racing stable are purple, gold braid, scarlet sleeves and black velvet cap with gold braid.

British Columbia is the largest silver-producing province in Canada.

Many new small factories are being started in Japan.

NOT A PAIN AT 78

She Feels Like 48

Aches and pains are not inevitable in old age. When they do come, there is always a remedy. Here is a woman of 78.

"For the last five years I have taken Kruschen Salt. I feel young, truthfully I could not tell you without lying. I am 78 years old, but I feel as if I did at 48. I give the credit to Kruschen Salt. No one will believe my age."—(Mrs.) C. M.

Most people grow old because they neglect one vital need of health—the need for internal cleanliness. Eventually they start the healthy Kruschen habit. Then, probably for the first time in their lives, they start getting rid of every day of all waste matter from the system. And almost immediately they feel their youth has returned; they feel strong and happy. In a word, they've got that famous "Kruschen Feeling."

Exhibit From Britain

Good Representation From United Kingdom For World's Great Show

Leading representatives of the agricultural industry in the United Kingdom will represent the government at the world's great conference, opening in Regina, Sask., July 24, while agriculturists and other interested organizations are considering the question of sending delegates. It is also probable a small parliamentary group will visit Canada in connection with the conference.

Announcement was made by the ministry of agriculture that the government of the United Kingdom will be represented by Sir Daniel Hall, director of the John Innes horticultural research station, and Sir John R. Rothamsted Experimental Station and of the Imperial Bureau of soil science and William Robb, director of research in the Ministry of Agriculture in plant breeding.

The Rothamsted station at Harpenden, Hertfordshire, is preparing an ornamental exhibit of wheat and of wheat from the 80th successive crop grown on the same field under varying conditions. Britain will be well represented in the United Kingdom and in exhibits of small farms.

Scotland is sending samples of oats which already have won high awards in home competitions. In addition there will be wheat and barley exhibits from various parts of England and varieties of flax as well as grain will be sent by northern Ireland.

Recipes For This Week

(By Betty Barbery)

HODGE PODDY PUDDING

(Serves 6)

- 1 cup orange pulp, diced.
- 1 cup apples cut fine.
- 1/2 cup broken walnuts, chopped.
- 1/2 cup seed raisins, chopped.
- 1/2 cup orange juice.
- 1/2 cup ground cinnamon.
- 1 cup sugar.
- 6 tablespoons bread crumbs.
- 1 teaspoon butter.

Mix all ingredients except butter. Put into buttered baking dish, dot top with bits of butter and bake covered in a moderate oven (380 to 400 degrees Fahrenheit) until apples are tender. If apples are very dry, increase the amount of orange juice slightly. This is a pudding boys like.

DERBYSHIRE SANDWICHES

Rum through the meat grinder enough finely sliced boiled ham to make one cup of it when mixed. Add one-half teaspoon mixed mustard, sugar tobacco sauce, one teaspoon sugar, salt and pepper to taste, and enough Cheddar cheese to make a smooth paste. Spread on this slices of buttered bread.

The Honest Friend

We are all travelers in the wilderness of this world, and the best that we find in our travels is an honest friend. He is a fortunate voyager who finds many. We travel to find them. They are the end and reward of life. They keep us worthy of ourselves; and when we are alone, they are only nearer to the absent—Robert Louis Stevenson.

Did His Own Growing

A man was accused at Clerkenwell of having "adopted a threatening attitude" to a dog and his owner. "It nearly knocked me down," he explained, "I growled at it."

"You mean," suggested the magistrate, "that it growled at you?" "No," the man insisted. "I growled at the dog."

Exports from Indo-China last year were nearly equal to those of 1931.

Plan Long Flight

New York To Baghdad Is Aim Of British Flyers

Some time this summer British Air Corps and Mrs. Agnes Hamilton's husband-and-wife aviators, will hop from Roosevelt Field, New York, on an attempt to set up a new long-distance record by flying non-stop to Baghdad or beyond.

If they make Baghdad they will have beaten by more than 100 miles the record of 5,340 miles established in February of this year by the British airmen, Nicolette and Gayford, when they flew from England to South Africa.

Roosevelt Field was chosen by the Molins as the starting point for their first dual aerial adventure because it is the only suitable airport having a concrete runway.

The laden weight of their machine will be such that experts have estimated the flying couple that there is no aerodrome in England having sufficient length and firmness for taking off purposes.

Their machine, now in process of construction in England, will be shipped in parts to New York and will be re-assembled at Roosevelt Field. It is a twin-engined monoplane of the De Havilland "Dragon" type, and would normally accommodate six passengers, pilot and baggage.

Three vast cylindrical tanks, placed so close together that they resemble the boiler of a giant locomotive, will bind the pilot's seat, replace the passenger's seats.

Only the pilot's seat is provided in the forward cockpit, with just enough elbow room for the Molins to change over the controls of the air.

The machine will be built to a height to enable them to crawl from the cockpit, underneath the tanks, to a tiny cabin in the tail of the machine.

The gasoline capacity will enable the machine to fly up to 6,000 miles in average conditions. With a tailwind during parts of the journey the 8,000-mile limit should be exceeded.

Other details regarding the machine and its equipment are being kept secret, but it is believed that the aeroplane will carry radio.

Records Carefully Kept

Plenty Of Documents About Hudson's Bay Company Trading Posts

"Never has the frontier life in home as carefully recorded and as thoroughly documented as the journals of the fur trade posts of the Hudson's Bay Company in Canada," said Douglas Mackay, speaking to the Kinsmen's Club of Montreal.

"Under the terms of the original royal charter, London is the head office of the Hudson's Bay Company, remains the repository for all of the company's archives, and the gathering of records from the posts and outposts a few years ago resulted in an accumulation of nearly six tons of documents," Mr. Mackay declared.

At the present time, this vast quantity of historical documents, which is in reality the richest source of material of western and northern Canadian history, is in better shape for the use of accredited historians than ever before.

Earned Gratitude Of Indian Mohammedans

Lord Lethian Arranged Return Of Valued Relic To India

Lord Lethian, former Under Secretary of State for India, has earned the undying gratitude of numbers of Mohammedans by arranging for the return to India of a holy robe on which is inscribed the whole of the Koran. The robe, which the revered Mohammedan Elie, the robe was taken away from the India at the time of the mutiny of 1857. It has remained in England in the hands of a noble family. Through Lord Lethian's intervention the owner has made a gift of it to the Muslim University of Aligarh, where the robe has been placed in a prominent position in a showcase and is venerated by the faithful. Little is known about the history of the robe.

A Heavy Responsibility

The heavy responsibility of resolution, has given Alderman John Coughlin, the Beau Brummel and dean of that body, the sole responsibility of designating the robes of the Chicagoans may put on their straw hats.

Tons of gold bullion placed in a "secret" "war chest" by army war officers of the gold standard are said to exist in Tokyo.

Italy expects an increase in employment in the next few months.

Merrily

They Roll Along

No wonder they're merry—rolling their own with Ogen's Fine Cut. It's so easy to roll a smoother, more satisfying cigarette with this fragrant cigarette tobacco.

... And they're using "Chanticleer" papers, of course, Ogen's Fine Cut and "Chanticleer"—that, Sir, is the finest combination any man can use for rolling a really better cigarette.

OGEN'S FINE CUT

Your Pipe Knows Ogen's Cut Pipe

Modern Home In Sweden

Disabled Poor Will Have Every Care and Comfort

Sweden is completing construction of its new home for the disabled poor at Nyssamman, near Stockholm, and it is declared to be the most modern in Europe. Latest equipment for curing rheumatism, nerve diseases, and other afflictions has been installed by the State Pension Board. Five experienced physicians and a staff of assistants and nurses will be in charge of the medical work. The new home has several hundred rooms and wards, laboratory, terrace and galleries for sunbaths and a well-equipped gymnasium. There is also a large assembly hall for lectures, stage performances and movies. Success at rehabilitating the disabled penniless has been encouraging in Sweden, at about 60 per cent of the patients treated have regained ability to earn their own living.

Rhubarb Was Once Medicine

Rhubarb pies and rhubarb sauce are now quite common in every day. The rhubarb plant was used in pharmacy long before its value as a food became known. It grew wild on the banks of the Volga in Russia, and was used in the making of tarts in 1820 and soon became common in Canada and the United States. It was related by the early settlers when fruit was scarce.

The office huncher says the difference between an animated doll and a modern girl is that the latter doesn't boller "Mamma" when squeezed.

Britain has nearly 50,000 policemen on regular duty.

Throw away dust!

Use

It dusts—so it cleans—so it polishes.

Only Firestone

Gives You All These
EXTRA VALUES

---and at No Extra Cost

Year after year **Firestone** has led the way in giving car owners extra tire values to save them money. Now Firestone gives you an amazing new guarantee which fully protects you for twelve months against any condition that may render a Firestone Tire unfit for further use as a result of blowouts, cuts, bruises or any other road hazard excepting punctures or running the tire flat.

For this alone it would pay you to buy Firestone—but, in addition, Firestone is the only tire that can give you all these extra values:

**2 EXTRA
CORD
PLIES
UNDER
THE TREAD
at
NO EXTRA
COST**

1—Two Extra Cords Under the Tread.

2—Gum-Dipped Cords.

3—Balanced Construction.

4—Non-Skid Safety Tread.

As a result of these extra features Firestone gives 25% to 40% longer tire life—no extra cost.

Low Priced Tires. If you want a low priced but dependable tire, ask for the Firestone Oldfield. As good as most best line tires, but costs 20 per cent less. Made by Firestone and guaranteed for 12 months.

Is This the Way Out?

(Continued from page 1)
who may look upon, and muse concerning this picture may I, as the painter of it, say this to you? As you are one of the created, you must believe that there is a creator. Whatever else you may, or may not, believe concerning Christ you can, to say the least, believe that "Uncle Sam," represents the U. S. government and "John Bull," the British government, and the institutions thereof, so Christ, represents God, and his great universe, with its matchless mode of government.
"Whatever a man saveth that he shall he also reach."
When God caused man to in-

habit this sphere, and placed a replica of his own soul and mind within his intrinsic system, he placed therein, too, a conscience—a receiving set—through which man could and would automatically receive broadcasts as to his behavior towards his God, and his fellow creatures. That set has gradually gotten out of tune; connections have become corroded; messages no longer come in clear; there is constant interference, until at this stage of man's being, it is no longer used as a receiving set. Greed is the popular "set" of today.

As a consequence, warnings, and instructions, no longer reach us from the All-Wise Announcer. And a terrific hurricane of social unrest and economic evil, sweeps its "Devil's Broom" over our entire planet. "God alone change us from ourselves, and the inevitable destruction, that confronts us. It's "up to us" to awaken, retune our conscience, and form ourselves into a Christianized Co-operative Commonwealth. And as Christ drove the money changers from the Temple, so now must they be driven from the entire world. Screened by this storm he profit-akers commercialize our medium of exchange and bleed the world for the last paltry dollar that can be had. This leads to wars and extractions of every description, moonshining, bootlegging, white-slaving, kidnapping and all other hell-bent roads. I refer to Hell this side of death. If there is a hell beyond, why make one here. Let us base our medium of exchange on the natural resources which include the honor and morale of the people. King Gold with his double cross flag—\$—must be dethroned and service with his single cross flag must reign or we are doomed to mingle our dust with other nations who have forgotten God. We are reaping the whirlwind.

"Choose Ye This Day Whom Ye Will Serve."
A Prayer
God we most humbly thank thee. Though our little planet is but a speck in thy great creation yet not one want of the inhabitants has been left unsatisfied. Our larder is full, every requirement has its bountiful source of supply, and again we express for thee, our gratitude.

HON. R. G. REID, Provincial Treasurer

We acknowledge to Thee that we are out of tune. And, too, we have used that which Thou has provided, in a way that would harmonize with the great plan of creation, and the survival thereof.

We imagine vain things, we see in ourselves, apart from Thee, great achievements. Help us to wake to the fact, that, without Thee, we can do nothing, and to see that all we have, or hope to have, Thou has intended, and made possible.

One of our most astounding from greed, that we cannot tune in on Thee, and without a shepherd we, like sheep, have "gone astray."

We thank Thee for the sustaining hope, and belief that the fold gate is still open. We earnestly ask that Thou through Thy spirit, would speak to Earth's temporal rulers, that they may guide the ship of state into a safe port.

We would not ask that the seas be made smooth. But rather that we should be, "Sea worthy." We do not ask that we be not tempted for temptation is not a curse but a blessing. Temptation shows us wherein of ourselves we are weak, and makes us depend on God who said, "Peace be still."

But, above all, may we get clearly that we are not saved by that, that we have, and every reform must be rooted in the heart and life of the individual, through Thy guidance, and the extent that we as individuals, fail to "Carry on," our communities and nations will fail to "Go over the top" and reach a worthy end.

Those of our number, who have so recently "died that there might be no more war," will have died in vain unless we, who live shall so live that there be no cause for war. "Create in us a clean heart, O God, and renew a right spirit within us."

As it is only through the spirit that Thine canst give understanding Help us to know that our present position cannot be held. We must advance or retreat and to retreat is unthinkable. Evolution is forward, not backward. Make of us Good Samaritan neighbors.

We do not ask that we may "get by" but that we might "get on" with life's great mission in contributing our "mite" toward, "Peace on earth; good will toward men."

Arrowwood Sports

(Continued from page 1)
with a very one sided score, while this year the result is reversed.

The basketball game in the afternoon between the Arrowwood H. S. girls and the Blind Creek team was productive of

some very good play but Arrowwood proved their superiority by winning over their less experienced opponents 18-12.

In the late morning and early afternoon a good deal of interest was taken in the single competitions at horsehoe throwing. Four schedules of eight players each, were run off. The winner of each schedule received a prize and also qualified for the major event in the singles. The following are the schedule of winners: Roy Dahl, Jim Duncan, M. Bowman, and E. Miller, who each received a prize and were drawn together in the play off which was won by E. Miller, who also received the grand prize for this event.

The doubles were not very well patronized, there being only four entries. This event was won by Laing and Brown of Queenstown. E. Miller and J. Duncan taking second place. The dance sponsored by the Baseball Club was attended by a record crowd and although the evening for dancing was short an excellent time was had by all who danced to the offerings of the Carseland Jazz Hounds.

The baseball management are very gratified for the excellent support rendered by those in attendance. An aeroplane was in attendance throughout the day.

Splendid Support

Sports Day last Saturday clearly showed that all roads lead to Arrowwood, for our fair city was hostess to a large crowd and the day was a perfect one, but why this throng should ride the rough bumps on our highways has not as yet been explained to the writer and we are still wondering why.

If you have trouble with your motor, in car or tractor, see us about **Cord Rings**—positively guaranteed to stop oil pumping and give maximum compression. We are using them in our "Six-wheeler" and are so well satisfied with them that our personal guarantee to you is that if they do not do what we claim they will do, when properly installed, your money will be refunded. Let us forget the "Six-wheeler" will haul anything, anywhere, any time.

We can supply you with new and second hand machinery.

For dependable lubrication you can do no better than use British American Automobiles—life savers for your gasoline engines. Quality and prices are right.

"I felt sure when he looped the loop that my end was in sight," said the Cuttie, as she got out of the plane.
